

Date _____

A black and white line drawing of a hanging lantern, designed as a coloring page. The lantern is centrally located and features several numbered sections for coloring. The top of the lantern has a small circle with the number 3. Below this is a dome-shaped section with the number 3. The lantern's body is divided into three vertical panels. The top of each panel is a triangle with the number 4, and the bottom is a triangle with the number 4. The central panel has a large arched section with the number 1 and a star with the number 5. The side panels have arched sections with the number 1. The lantern is suspended by a cord with a small circle at the top. The background is decorated with several five-pointed stars and a crescent moon, all with numbers indicating coloring sections. The stars are numbered 1 and 2, and the crescent moon is numbered 1.
